- ✓ US Customers note TC AMO is bilaterally accepted in the USA
- ✓ Underwater Locator Beacon testing and recertification
- ✓ Physical units Rapid Turn Around
- ✓ Reports completed within 3 business days

WHY APPLIED INFORMATICS

- Subject-matter experts with extensive experience in flight recorder facilities at major airlines and government.
- Potential FOQA (QAR) Transport Canada equivalency waiver to reduce FDR readout frequency, saving you time and money.
- Extensive knowledge of all flight recorder types (FDR/CVR/QAR) to help you with planning/procurement to ensure optimal flight recording technology solutions.
 - Extensive government and airline Flight Data Analysis experience makes us a significant asset in your corner ..
